If an ICE agent comes to your house:

- Do not open the door
- Ask to see a warrant through the window or ask for it to be slipped under the door
- If they do not have a warrant signed by a judge, ask them to leave
- If the agent(s) enters without a valid warrant, ask for the agent(s) name(s) and badge(s)

If you are arrested:

- You have the right to remain silent – ICE can use anything you say against you in your immigration case
- You have the right to speak with a lawyer
- Don't sign any documents before speaking to a lawyer
- You have the right to call your consulate – the consul may assist you in finding a lawyer

If you are mistreated:

- Take down important information: Number of agents, names, badge numbers, locations and other important information

Key points:

- You don't have to reveal your immigration status, including to law enforcement and security officers
- Do not show any false documents and do not lie to an immigration agent
- Do not carry false identification
