

WHY UNION?

**UNIONS ARE A TOOL
WORKERS USE TO DRIVE
CHANGE ON THE JOB**

UNITY CREATES STRENGTH

When we stand together, we create more power. **The more power we have, the more we get done.**

WE USE THAT STRENGTH TO ENFORCE THE CONTRACT

When we are strong, we can win better contracts. That means better wages, working conditions, and more respect for our work.

BETTER WAGES

Union workers earn on average 19% more than their non-union counterparts and have better access to making real change at work.

When membership density is low, the boss knows ... and can use that to their advantage at the bargaining table. Our best shot at strong contracts is a strong membership base.

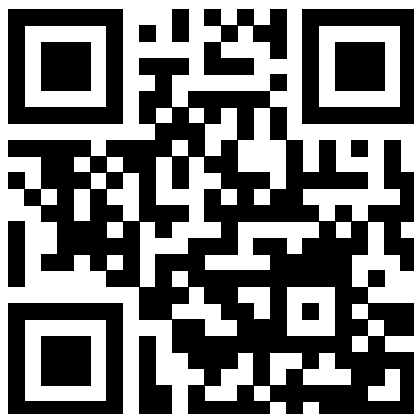

OUR ISSUES

- » **STRONG CONTRACTS**
- » **END POVERTY WAGES**
- » **RESPECT FOR OUR WORK**

IT'S TIME TO TAKE ACTION

Our union only works when we work together. Not everyone has to be a steward or an officer, but we all have to take that step to become a member — dues are less than one hour of pay per paycheck!
